Assembly Instructions

Bannerstand Assembly

Kit includes: top rail, bottom rail, stabilising foot, telescopic poles, wrap and carry bag/tube

1 Take the stabilising foot and slide into the bottom rail in the direction of the green arrow until it is centrally positioned and locked into place.

2 Slot the bottom of the telescopic pole into the foot.

3 Lengthen the pole by pull out each section, pulling out the pole to the desired height and then twist the thumb screw to secure pole into place

4 Carefully unroll the graphic and secure into position by locating the top rail hole with the telescopic pole.

5 Repeat Step 3 if necessary to tension the graphic image.
